

HIGHER PHONE RATES NOW ON

Injunction In Favor of City Is Dissolved By Judge Shackelford After Big Courts Act

The United States Supreme Court and the Kentucky Court of Appeals, having dissolved other injunctions sought to prevent increased telephone rates, Judge Shackelford on Friday dissolved the injunction he had granted during the recent term of circuit court upon motion of the city of Richmond, seeking to prevent phone rate raises here. A formal order was entered by Judge Shackelford, citing the action of the two higher courts. He made a notation, however, that the injunction is set aside with the right to the plaintiff, the city of Richmond, to make a motion to have it reinstated at any time it may see proper.

Thus ends legal steps for the present, in the local courts to prevent the increased telephone rates for the city patrons. The new rates have gone into effect this month and next bills sent to telephone subscribers will be on the basis of \$3.75 per month for business phones and \$2.00 for residences. Many phone subscribers are saying that if Richmond must pay these rates, she should have the central energy system by which ringing of the bell to call "central" is unnecessary. Danville, Winchester, and many other towns the size of Richmond have this improvement, and are paying the same rate as Richmond. It is understood that the telephone management will soon make a proposition to the officials of Richmond covering installation of this system and other improvements, and it is being eagerly awaited, and will be scanned with interest.

HIGH SCHOOL PLAY DELIGHTS EVERYONE

Eleven seniors of the Caldwell High School played to a crowded house last night, when they gave their play, "Standing By." The story was full of pathos with just enough humor which was furnished by Aunt Polly, black face and tender of heart, to make the whole play intensely interesting from the very start. Mary Bronston, who played the role of Aunt Polly, completely won the sympathy and admiration of the audience by her devotion and unswerving loyalty to her master, Mr. Carey. The part of Mr. Carey was taken by Walker McKinney, who was a most able substitute for Leon Elder, the latter being unable to be present.

Mary Alice Tudor, as the wife of Mr. Carey, and the designing mother who tried in vain to marry their daughter, Ethelind to a millionaire, took her part with the ease and grace of a professional player. Stella Ramsey as Ethelind, showed real dramatic art when she defied her mother and overcame all obstacles which kept her from her soldier lover whom she had promised to marry on his return from overseas. It is regretted there is not space to speak of each character, so perfectly did each take the part assigned. Richmond should indeed congratulate herself on having such remarkable talent, and much credit is due to Prof. Bridges, who so ably coached the play.

Caldwell Baccalaureate Sermon

The baccalaureate sermon to the graduates of Caldwell High School will be preached at the Christian church at 8 o'clock Sunday evening by Dr. W. A. Fortner, of Transylvania University. Dr. Fortner is said to be a splendid speaker and will bring a fine message to the young people who are just finishing their course. The coming week will be a gala occasion for the Caldwell graduates, winding up with the class day exercises Friday night when Dr. R. L. Telford will deliver the address.

Kirkville Farm Sells Well

Rev. D. H. Starns, of Kirkville sold his nice little farm of 51 acres to Dr. H. C. Pope, of the same community this week. There are 51 acres in the tract but no improvements, but the land is all mighty fine dirt. The price is reported to have been around \$300.

HARDIN NOMINATED

Judge Charles A. Hardin, of Harrodsburg, was formally declared the Democratic nominee for congress in the special election to be held in the 8th district August 2d, by the district committee at a meeting held at Nicholasville Thursday. A certificate of nomination was given Judge Hardin, who was present, when the report of the committee was made and an affidavit was immediately forwarded to Frankfort, to be filed with the Secretary of State. The actual nomination of Judge Hardin was made by a sub-committee of the district committee, which ordered the matter left to this sub-committee. Joe E. Robinson, of Garrard and Dr. T. R. Welch, of Jessamine, members of the sub-committee, attended the meeting, B. A. Long, of Shelby, sending his proxy.

Judge Hardin was the only Democrat in the district who announced his candidacy for the office. Papers of nomination were filed by Judge Hardin at Frankfort, on May 21st, the last day they could be filed according to law. His nomination by the committee has been practically assured as no other democrat in the district announced as a candidate.

Judge Hardin's opponent in the race for congressman will be King Swope, a young lawyer of Danville, with offices in Lexington, who was unanimously endorsed by the republican committee of the Eighth district, which met in Danville recently.

"MICE AND MEN"

Next Tuesday evening at eight o'clock, Miss Mary Ann McMillan, head of the Expression Department at the Normal School, will present a selected cast in "Mice and Men," a four act romantic comedy by Madeline Lucette Ryley. A royalty of \$20 has been paid for the use of this play and the cast has been selected with a view of presenting it to the Richmond public in the best possible manner. "The best laid schemes of Mice and Men gang aft a-gley, and lea us not but grief and pain for promised joy."

Each year the Normal presents its best talent on Tuesday evening of Commencement week. Crowded houses have greeted all performances this year at the Normal and it is expected that a banner crowd will be in attendance. Tickets are on sale at the Normal School and have also been placed in the hands of the Model School children for sale. These youngsters have proven themselves excellent salespeople and deserve encouragement.

Flynn On The Job

New York, June 7.—After a conference here today with police officials, William J. Flynn, head of the Department of Justice forces seeking the persons responsible for recent bomb outrages, said "There are a hundred clues to be traced out, and we are making progress."

Made A Mighty Serious Charge

A dispatch from Flemingsburg to a morning paper said: B. S. Grannis, commonwealth's attorney, has filed suit against James S. Muse, a wealthy Fleming county farmer, demanding \$50,000 for alleged defamation of character. The complaint alleges that Muse in a conversation with Frank B. Henderson, a poultry dealer, stated that Grannis had accepted a bribe of \$1,200, and by dividing it with Gov. Stanley, had secured the release of a man named Owens who had been sentenced to prison.

Oldham Buys Nicholasville Store

A. B. Oldham & Son owners of Mt. Sterling's largest department store, this week closed a deal whereby they purchased the stock store and good will of J. H. Boner dry goods and department stores at Nicholasville. Mr. William Oldham will go to Nicholasville to take charge of the business in which he will be assisted by his younger brother, A. B. Oldham, Jr. The senior member of the firm is a brother of Mr. W. D. Oldham, of this city, and has many friends here.

Masons Want New Home

Kentucky Masons will launch a state-wide campaign Monday morning for \$1,000,000 to replace the historic Masonic Widows' and Orphans' Home at Louisville, built half a century ago, with a group of handsome new fire proof buildings which also will be headquarters for the Grand Lodge of Kentucky.

SPLENDID CHANGE TO GET HUN CANNON

If Senator J. C. W. Beckham can possibly secure it, Richmond will obtain one of the captured German cannon to ornament the court house yard. A long petition was forwarded to Senator Beckham by Mrs. Jonah Wagers a shot time ago, requesting that he use his best efforts toward that end, and Senator Beckham has written that he will do all in his power. In a letter to the editor of the Daily Register regarding the matter, Senator Beckham says:

Hon. Shelton M. Sauffley, Richmond, Ky.
Dear Shelton:

I have your note of May 19th, expressing your personal interest in seeing Richmond secure one of the captured German cannon to be placed in the court house yard there, and it is hardly necessary to tell you that it will give me pleasure to be of any assistance possible in the matter.

I have taken the matter up with the War Department, and urged in the strongest terms possible that Richmond be given one of these cannon. I hope it may be done, and I shall gladly do what I can to aid in it.

Very sincerely yours,
J. C. W. BECKHAM.

Here's What That Bug Is

Most everyone around here has been wondering what is this new fly or bug that made its appearance about a week ago, and while it does not "bite," so far as known, causes a lot of discomfort when it "lights" on the back of your neck. It remained for a precocious student of Centre College at Danville, Howard Van Antwerp, to send in a sample to the Experiment Station at Lexington. He received a reply from Prof. Garman, the bug specialist, which said: "The insects of which you send samples are the winged form of sycamore aphids, Lanchus platonicola. It is exceptionally common this season, though the wingless form are frequent during the ordinary season on sycamore. I have never before seen so many of the winged form. It is possible that the freezing of the young leaves of the sycamore trees may have led to the dispersal of the insect in search of other forage."

COLYER LOSES IN COURT OF APPEALS

A dispatch from Frankfort in the morning papers said: The act of the Legislature creating the office of superintendent of insurance rating was held to be valid Friday by the Court of Appeals. The court construed the act by deciding the case of the State Insurance Board against R. L. Greene, auditor and H. H. Coyer, a member of the State Rating Board, against N. O. Gray, superintendent of insurance board and provided for the appointment of a superintendent of insurance rating. Conceiving the act to be invalid, C. F. Thomas, insurance commissioner and Coyer, a member of the board, filed suit to restrain auditor Greene from appointing a superintendent of rating. The lower court construed the act to be valid and N. O. Gray, who was at the time a member of the insurance board, was appointed superintendent of insurance rates. Coyer then sued Gray to restrain him from performing his duties as superintendent of insurance rating and the two cases were consolidated and taken to the Court of Appeals. The court holds that there is sufficient clearness in the act to abolish the State Insurance Board and the officers of secretary and attorney and declines to pass on the other questions in the case.

Next Base Ball Game

The next game to be played by the champion Richmond Browns will be against the Nicholasville Giants at Pioneer Park here on Wednesday afternoon, June 11th. They all seem to look alike to the crack local colored players, who are putting up a big league style of ball. A lot of white fans are out to see every game.

R. H. Ledford, of Paint Lick, and Grover C. Cox, of Manass, were visitors in Richmond Saturday, on business. Both are prominent merchants of their communities.

E. K. NORMAL ENDS SUCCESSFUL YEAR

Program of Interesting Commencement Exercises Begins On Sunday

Everything is in readiness on the campus at the Normal School for the Commencement sermon which will be delivered by Dr. Homer W. Carpenter, of the First Christian church, at 7 o'clock tomorrow evening. The hour is so arranged for the convenience of those who desire to attend the exercises at the Christian church at a later hour. Dr. Carpenter is at his best when talking to young people and a great sermon will be delivered by this able orator tomorrow evening.

Monday morning the Seniors have their class exercises in the chapel. Following the exercises the chapel, the Field Meet will take its place on the program. Many entertaining contests have been arranged for men and women. In the afternoon a baseball game will be played. There is always much fun on this occasion.

Tuesday the Elementary Class exercises will be held in chapel at the regular hour. The commencement play, "Mice and Men," will be given at 8 o'clock in the evening. Miss McMillan is working overtime to give the public a high-class entertainment.

Wednesday morning the Intermediate class exercises will be held at the regular chapel hour. Wednesday night Hon. Tom B. McGregor will deliver the address to the graduates of Model High School. There are 14 graduates from high school this year.

Thursday morning at chapel hour the Senior class of 1919 will make its last appearance in chapel. A fine program has been arranged. Thursday night the President's reception will be held. This is the occasion for a real home-coming. Old graduates, Seniors, Juniors and Sophomores all join to make the event one long to be remembered.

Friday closes the week's program. Dr. Garfield will deliver the address to the graduates at 10 o'clock. Dr. Garfield is always welcome to Richmond and the school is indeed fortunate to secure such an able speaker for the occasion. In the afternoon and evening the Alumni Association are in charge. The business meeting is held at 4 o'clock and the banquet at six.

This year has been a most successful one for the Normal School. It was the only school in the state that did not have to close on account of the "flu." The summer term of six weeks, which opens June 16th and closes July 25th, will mark the close of the 18th year of the Eastern Kentucky State Normal.

ANOTHER FORGING CASE IN COURT

Trigg Lane, the young white man charged with working the forged check game on two Richmond business men, was held to await action of the next grand jury under \$200 bond by County Judge W. K. Price in quarterly Court Friday. He was unable to give the bond and went to jail. Lane is charged with forging a check for the sum of \$20.20, signing the name of Mrs. M. J. Boggs thereto, and offering it to J. Perlman, First street merchant, in payment of goods. Later he signed a check himself for \$10 and attempted to buy goods from D. W. Vandever near the freight depot. Trigg is said to be 26 years of age.

GIFTS FOR DANVILLE COLLEGE

A number of gifts to the Kentucky College for Women at Danville, were announced Wednesday. The first scholarship endowment to the college was presented by the alumnae of Bell Seminary and was for \$1,000. Mrs. Joe Brown gave the college \$100 in memory of Miss Amanda Pales. The class of '90 gave \$150. The class of '00 gave the college \$50 and Miss Nannie Barber presented the college with two antique chairs in memory of her sister Alice.

JACK PHELPS GOES AS RAIDING DEPUTY

Jack Phelps, who recently returned from fighting overseas, has just been appointed a U. S. Deputy Internal Revenue Collector. He has already gone to work again for Uncle Sam. Mr. Phelps is what is known as a "raiding deputy," which means that he will have a lot of raiding to do in the mountains, hunting out the festive moonshiner, and the illicit booze that he is making and will probably make on a more extensive scale than ever before after the first of July. This raiding business has gotten to be rather risky at times, for the 'shiners have a disagreeable way of hiding behind stumps and bushes and taking a shot at anyone they think is trying to interfere with their business. To a man who has been over No Man's Land after the pesky Hun, this will seem but child's play, however, and Mr. Phelps' many friends at home are satisfied that he will more than make good. It is understood that his headquarters will be at Columbia, in Adair county, out of which he will work over 16 counties with Deputy Charley Winfrey, one of the old heads at the game, and one of the very best men in Uncle Sam's Service.

DERNBURG SAYS HUNS CAN'T PAY AND WONT

(By Associated Press) London, June 7.—Dr. Bernard Dernburg, German minister of finance, in a Berlin interview insists upon Germany's inability to meet the financial demands of the peace terms. He said "Germany cannot pay and the entente cannot make Germany pay. You can invade Germany and occupy and raid its banks and nobody will stand in your way if you wish to come to Berlin. But when you are there, what are you going to do? Your only hope of reparation lies in getting the German people to work, producing goods which they can give the allies against a money indemnity but they first must have the raw materials reasonably soon. You do not suppose our children are going to remain slaves because their parents lost the war."

NATION-WIDE WIRE STRIKE LATE TODAY

(By Associated Press) Washington, June 7.—S. J. Koenkamp, president of the Commercial Telegraphers' Union, who today is en route to Chicago, announced that he would call a nation-wide strike of union telegraphers upon his arrival in Chicago late today. The proposed strike is to support the Western Union employees in ten southern states who struck Thursday night. He said the date and whether it would include Postal companies' employees is not yet determined.

LITTLE CHANGE TO SEE TREATY YET

(By Associated Press) Washington, June 7.—Administration officials believe that President Wilson's reply to the Senate resolution asking for the peace treaty with Germany, will be that it is not compatible with the public interest to furnish the text at this time. This belief is strengthened by dispatches today from Paris, saying the American peace delegation is apparently firm in its decision not to authorize publication of the treaty until it is signed.

PLANS TO BEAUTIFY BUSINESS SECTION

Ordinance Offered In City Council To Have Poles and Wires Removed Before Paving

The first step of clearing the business section of Richmond, unsightly telephone and light and power wires and poles was taken by the City Council at regular meeting Thursday night. An ordinance providing for the removal was given its first reading. It was decided to hold special meeting on the night of the 17th at which time, the telephone company and the Kentucky Utilities Company will have representatives present, and the matter will be worked out in detail. There is widespread and practically unanimous sentiment on part of the citizens of the city a community generally that improvement should be secured before the new paved streets are put down. Removal of the wires and poles from the principal thoroughfares will improve the looks of the city many hundred per cent, and the City Council take whatever action is necessary to accomplish this. A question of a White Way Richmond may also be brought at this special meeting. Such improvement should be made this time. Merchants and business men had subscribed sufficient funds to provide the poles and lights and the city had agreed to furnish the electricity, a couple of years ago. Then the war broke out, and it became impossible to obtain iron or other materials and the matter was dropped. Now conditions are different, and active campaign should be set foot at once to get the White Way.

The City Fathers have had many complaints from merchants as to the parking of automobiles in front of their places of business, that a new parking ordinance was introduced at this meeting. The new ordinance would provide for parking cars in center of Main street instead next to the curbing on each side. Merchants say that cars left constantly and for long periods in front of their business houses prevent many customers from finding easy access to their doors and desire a change made.

The license ordinance was passed for another year, and Chief Police Claude Devore was authorized to make collection of the special license taxes. There practically little change in the ordinance in the matter of tax though a number of additions made to it. The ordinance, shortly appear in the Daily Register.

The city tax rate for the coming year was placed at \$1.70 each \$100 worth of property, an increase of 45 cents over last year's assessment being made under the provisions of the state and streets bond issue.

ELKS BACK S. A. CAMPAIGN

The Kentucky Elks, the "Best of the Best" as the B. P. O. Elks are generally interpreted, will back all their usual energy and vigor campaign to raise in Kentucky State's quota for the Home of the Salvation Army. Work in Kentucky will include "less" saloons in the cities now where there is any demand for extension of the work of the Army among the poor and the down out, a permanent building for Army in Lexington, which will be chosen a proper location and found, and the regular work of Army.

For Representative in Congress subject to the action of the Democratic party and the special election to be held August 2, 1919, in the Eighth Congressional district:
of Mercer county,
CHARLES A. HARDIN.

A correspondent to the New York World, Peter P. Gorum contributes the following piece of satire: "I looked up from the account of the overseas flight of the NC-4 as described in your paper with a smile of amused contempt on my face. Such things may deceive some people, but I, who have had the advantage of reading George Harvey's weekly and monthly outgivings, am not to be so easily taken. I have had it proved to me that no aeroplane that could fly was ever built by or for the American army or navy, that our attempt to build such planes was a ghastly and costly failure, that our navy is a contemptible affair anyway and that no American officer has ever been able to fly. So take your stor-

ies of overseas flight by American naval planes and tell them to some one else. I am not such a gull as to believe them. I am among the instructed."

In a recent editorial attacking Senator Reed for his last speech on the League of Nations, the New York World offers this explanation: "Missouri elected a republican Senator last year, and it may be that Senator Reed, instructed by that decision, is preparing to close his career as he began it many years ago in Iowa, where he always was known as a republican."

Col. Denhardt may not be nominated for governor but he did one good thing, at least, by exposing the compromise in the Harkness tax suit by which the state lost millions in taxes, and practically forcing a reopening of the matter.

Booze Is Not a Good Cure.

8th DISTRICT BANKERS MEET

The annual meeting of groups eight and eleven of the Kentucky Bankers' Association was held in Shelbyville. The opening session was held at 11 o'clock in the circuit court room of the courthouse. The meeting was called to order by J. M. Johnson, of Lawrenceburg, president of the Shelby county Trust and Banking Company, delivered the address of welcome, to which E. P. Morrow, of Somerset, responded. An address by Col. Embury L. Swearington, president of the First National Bank and the Kentucky Title Company, of Louisville, on "Services Rendered by the Federal Reserve Bank," closed the morning session. The program for the afternoon included an address by State Banking Commissioner G. G. Speer, of Frankfort; round table talks of three minutes each, reports of committees and election of officers. The entertainment of the committee included a mid-day luncheon given by the Shelbyville bankers and an automobile trip to Allen Dale farms at 4 o'clock.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not had to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use. Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO-135

BUILDING UP OUR WOMANHOOD

Given Up to Die by Her Friends, a Young Lady Recovers Her Health and Increases Weight—45 Pounds.
A Powerful Nation Needs Strong Healthy Women.

A nation is no stronger than its women. Hence it is the duty of every woman whether young, middle age, or in advanced life to preserve her health. If you are sick and suffering don't wait until tomorrow but seek relief at once—today. Tomorrow your illness may take a chronic turn.

There is a remedy for almost every ill. Thousands have found Peruna to be that remedy as did Miss Clara Lohr of 21 N. Gold St., Grand Rapids, Michigan. She writes a friend: "I don't need Peruna any more. I am all well after taking six bottles. I weighed ninety pounds before I started and was poor and weakly. I had such a cough and spitting all the time that I never expected to recover. My friends gave me up. I could eat nothing. Now I can eat and weigh 135 pounds. I most thankfully recommend Peruna to my friends."

Miss Lohr's letter is an inspiration, a message of hope to suffering women. It tells you that you too may be strong and well and vigorous.

Peruna may be had in either liquid or tablet form. Ask your dealer. If you value health, do not accept a substitute. Dr. Hartman's World Famous Peruna Tonic is what you want. The Peruna Company, Dept. 79, Columbus, Ohio, also publish Dr. Hartman's Health Book. The book is free. Write for it. Your dealer will give you a Peruna Almanac.

WILL RECOVER STATE'S FAMOUS BATTLE FLAG

Louisville, Ky., June 6—Kentucky's battle scarred flag, carried by Kentucky pioneers until they surrendered to the British and Indians at the Battle of the River Raisin in Michigan in the war of 1812, may be returned from England, where it was taken when the British army departed from America. The Kentuckians' battle standard, on which is written part of the state's motto—"United We Stand"—is the emblem which Major Sir Evelyn Welch, one of the founders of the English Speaking Union, recently discovered hanging in the chapel of the Royal Hospital at Chelsea, London, along with other captured flags. Governor James D. Black said he would seek its immediate return. The emblem is believed to have been taken by the British when the Kentucky volunteers under General J. M. Winchester marched to the relief of inhabitants of Frenchtown. They were ambushed by Indians and British, under the ruthless Proctor, at the River Raisin, and attacked by overwhelming numbers. After the surrender Proctor moved away with his British forces, leaving the prisoners and inhabitants to the mercy of the liquor-crazed Indians, who massacred all but a few. These were taken to Detroit and sold as slaves.

GET YOURS WHILE THE GETTING IS GOOD

The Oleum Refining Company, organized with only \$120,000 stock sold and in successful operation at Pryse, Kentucky for five months; suddenly meets with the misfortune of an explosion in its stills, which badly wrecked a large part of the refinery and put it out of commission. During the past months heroic efforts have been made to replace these stills in the shortest possible time. The work is progressing rapidly and is expected to be completed in about forty days, at which time the refinery will be able to resume business. The stills are being constructed THIS TIME of concrete, steel and brick, thereby safeguarding against further disaster; and the plant is now fully covered by insurance.

Now, up to this time, not one share of this stock has ever been offered to the public or advertised for sale. It has been about as exclusive and high class a proposition as you will find anywhere in the U. S. A. The capitalization was not too large, and the par value was enough to vouch for the kind of company one might expect to meet in the personnel of the Oleum Refining Company.

However, with the unforeseen expense of rebuilding and the loss of five months of golden time, the company wishes to sell 20,000 shares of its stock at \$6.00 per share; being \$1.00 above par; thereby raising the necessary sum of \$120,000.

NO DRY HOLES IN THE REFINING BUSINESS AND NO WATERED STOCK

If operations had not been stopped by this accident, the company could have paid 2 to 3 1-2 per cent monthly on 500 barrel capacity; now the capacity is 1,000 barrels daily. Question: Do you suppose 48 to 60 per cent yearly is a chance or investment? We don't get behind the stump to tell you anything. Plant is open to all inspections. Look and investigate. Our books show \$25,005.56 profits for 5 months.

	Par Value	Now Selling
Midwest Refining Company	\$ 50.00	\$ 187.00
Atlantic Refinery	100.00	1,370.00
Solar Refining Company	100.00	380.00
Standard Oil of N. J.	100.00	745.00
Standard Oil of Ky.	100.00	440.00

Now our par value is \$5.00, and the stock is now selling at \$6.00 and it is cheap at that. The word is, get a few more shares while getting is good. Like all refineries we have miles of pipe line pump stations and all necessary equipment. Contracts to buy all oil and contracts to sell all products.

If you pay \$2.60 per barrel and sell gasoline at 18 cents per gallon 42 gallons to the barrel, can you figure any profit? And not say anything of coal oil, naphtha, and all by-products.

The remainder of the 20,000 shares will be disposed of at once, the sale of which will help to pay expenses in completion of plant. In forty days or less time you will have that your friend can't buy. Why? No dry holes in the refining business!

**TO automobile owners and
drivers—to Goodrich Dealers
—the B. F. Goodrich Rubber
Company herewith declares a
more-mileage adjustment on
Goodrich Tires—6,000 miles for
SAFETY TREADS, and 8,000
miles for SILVERTOWN CORDS.**

**Fix these new Goodrich Adjustment figures
firmly in your mind—6,000 miles for SAFETY
TREADS—8,000 miles for SILVERTOWN
—instead of the 3,500 and 5,000 miles
previously heretofore in force.**

**This new adjustment stands back of all Good-
rich Tires, including Tires already purchased
in the hands of user or dealer.**

**Goodrich Tires in actual usage are today un-
folding such matchless mileage, regularly in
excess of adjustment basis, that Goodrich
knows it has the strongest, most durable
tires the rubber industry has produced.**

**The Goodrich adjustment mileage is increased
because Goodrich knows the mileage in its
Tires, and it wants to give every motorist a

"BEST IN THE LONG RUN"

WET WEATHER HAS RETARDED CROPS

The prolonged and excessive wet weather throughout May has retarded the planting of crops, says the June report of the State Agriculture Department, just issued. With 22 days of rain in May, preparation of the soil for planting of crops has been next to impossible. Wheat is somewhat damaged and not as high a yield is expected as the early conditions warranted. However, the condition as a state average is 94 per cent, which is 5 per cent less than this time last year. Rye shows up somewhat better with a condition of 97 per cent as compared with 99 per cent in 1918. Barley is an exceptionally small crop in this state and but few reports are made on same. Condition is given at 95 per cent.

Anticipated acreage of corn is given at 98 per cent. Owing to the continued and wet weather, the preparation of the ground was greatly delayed and the condition of ground of June 1st was 86 per cent. It is estimated that 51 per cent of planting of corn has been done, but some ground remains yet unbroken. Condition of growing corn is 72 per cent. Some replanting of early corn will be necessary in localities.

Oats is 91 per cent which is 6 per cent lower than last year, while condition is 95 per cent. Hemp acreage has fallen very low with practically about 1-10 of reports coming in on this crop as is customary. The few reports give the acreage at 41 per cent, with its condition at 92. The estimated acreage planned of burley tobacco is 97 per cent, which is 15 per cent less than last year's estimate. Condition of plants is 88 per cent. with about 31 per cent of crop set. Dark tobacco acreage planned is given at 82 per cent, which is 10 per cent less than estimated in 1918. Condition of plants is given at 90 per cent with 34 per cent of crop set.

Blue grass, 96 per cent.
Clover, 93 per cent.
Orchard grass, 93 per cent.
Alfalfa, 92 per cent.

First cutting of alfalfa has made a fair yield.

The general outlook for yield of hay is given at 84 per cent.

Expected acreage of soy beans is 90 per cent, while of cow peas is 83 per cent.

Live stock show in good condition, the same being 97 per cent of normal, while poultry only shows at 80 per cent.

The early frost has proven very disastrous to fruit in most localities, and a short crop may be expected with the exception of black berries. Conditions of fruits are as follows:

Apples, 51 per cent.
Peaches, 54 per cent.
Pears, 48 per cent.
Plums, 59 per cent.
Grapes, 65 per cent.
Blackberries, 101 per cent.

Only about 67 per cent of a strawberry crop was reported.

Garden conditions are low, owing to the wet season. Condition of same are given at 78 per cent, while potatoes are given at 89 per cent. Potato acreage shows at 93.

The exceptional seasonable weather prevailing the first week in June finds the farmers of the state busy in their eager endeavors to get caught up in their much retarded task of preparing the ground and planting the crops. Farm labor is still scarce.

MILLER TO RUN AGAINST SHORT

Hon. Clarence Miller, of Irvine, was here Thursday and informed the Daily Register that he is a candidate for the republican nomination for state senator in this district. He was here to see several influential republicans and said that he will prosecute a vigorous canvass for the nomination. So far, Capt. W. T. Short, of this city, has been the only announced candidate for this office, and a race between him and Mr. Miller will be a pretty one, politicians say. Mr. Miller represented Estill county in the lower House of the last legislature, and made a good record. He is reported to have cleaned up "big" in the oil game in Estill and Lee counties recently.

P. A. C. Ladies Grateful

We, the ladies of the P. A. C. Infirmary Board, want to thank all persons of the town and county, who gave food or money for the luncheon at the Rose Dale sale, and for the hearty co-operation of all which netted the institution the neat sum of a few dollars over \$200.

CUZICK

Mr. and Mrs. John M. Williams and family motored over to Lexington last Sunday and spent the day with Mrs. L. C. Biggerstaff.

Mrs. John Buckles is visiting her friends and relatives here after being in Pennsylvania for some time.

The farmers here are getting their crops about started but every one is late on account of so much rain.

From the looks of the blooms now I believe we will have some blackberries.

The soldier boys who have returned from France are being highly entertained. They all seem to be proud of old Kentucky.

Bro. Willie Red preached at Siloam last Thursday and Friday nights and quite a large crowd attended and pronounced his sermons fine.

Little Miss Telma Williams has been quite sick but we are glad to say she is improving.

LAND SALE

The undersigned, as executor of Miss Nannie Ballard, deceased, will, pursuant to the direction of her last will and testament, on

June 18-10 a. m.

on the premises, sel to the highest and best bidder, her farm located at Caleast, five miles from Richmond on the Richmond and Lancaster pike, and nine miles from Berea.

Farm consists of 162 Acres

and is sold subject to survey. It is in the best section of Madison county and is all Blue Grass land. It is improved by a dwelling and combination stock and tobacco barn. Said farm is rented for the year 1919, and 20 acres are in corn and tobacco and 42 acres in wheat and the balance in blue grass and clover. The wheat land is sown in timothy and clover.

Possession of said premises will be given January 1, but the purchaser will be granted the right to enter upon said premises at any time after the sale for the purpose of making any improvements he may desire upon said property, and also in the fall for the purpose of sowing small grain after corn and tobacco have been cut.

The terms of the sale will be to suit the purchaser, either all in cash or liberal credits, same to be announced on the day of the sale, but any purchaser will be required to give bond with good security, to perform the contract of purchase on the day of sale.
